Patrick Backs Luttrell for US Congress
He'll preserve, protect, and defend our Constitution!

HOUSTON TX –Texas Lieutenant Governor Dan Patrick released the following statement:

“Morgan Luttrell is the right person for US Congress in the 8th District. Morgan grew up in the district, owns and runs a small business in the district, and he is raising his family in the district.

“Morgan is the warrior the people deserve in Congress. He’s a fighter who will stand up to the radicals in Washington, DC and ensure our conservative Texas values are represented.

“A former Navy SEAL, Morgan understands what it means to preserve, protect, and defend our Constitution. He’ll fight to preserve our economic freedoms, protect the unborn, and defend our border.

“Morgan is a genuine American hero and true patriot who will always put Texas and America first. I urge conservatives in the district to rally and vote to send him to Washington, DC as their next Congressman!”
